* See section 6.1 below for an explanation

6.1 Score categories – “A” and “B”:

Archery NZ are introducing a new scoring category system to help foster the development of archers for international competitions. As such, for a given policy, there will two ranks of scores, called “category A” and “category B”. Category A will always be higher than category B, and the exact differential between the category A and B scores will depend on the competition and round shot.

If there are more archers qualifying in the one gender/division than there are places available, archers will be selected with the following priority of category A and B scores. The priority is dependent on the number of required scores listed above. From highest priority to lowest these are:

Two (2) scores:

- Level 1: 2 category A scores
- Level 2: 1 category A score and 1 category B score
- Level 3: 2 category B scores

With the exception of the Level 1 scores, if there are more archers at the same Level than there are places to be allocated, the archer with the highest average of the two (2) or more required scores specified above at the Level will be selected, and in the event of a tie then the archer with the highest qualifying score will be selected. See section 7.2 for related information about Trail Events.

6.2. Qualifying period:

From 21st April 2017 to 25th May 2018.

Achieving the above scores in the required qualifying period does not mean automatic selection to the New Zealand Team for this International Event.

7. Nomination of Archers

Any Archer wishing to be considered for selection must have completed the following by the dates specified in Section 4 above:

- Submitted an Intention to Apply Form;
- Obtained the required scores within the qualifying period; and
- Submitted an Archery NZ International Event Selection Registration Form.

On receipt of the required forms the Archer will receive an acknowledgement of receipt email. If the Archer does not receive this email within 3 days of submitting the forms they need to follow up with the Selection Panel Convener.

By entering the selection process, the archer acknowledges that they:

- a. have read the selection Policy;
- b. have read The Team Agreement (Appendix C);
- c. have had reasonable opportunity to understand or seek advice in relation to the selection Policy and process; and
- d. agree to be bound by the terms and conditions of this Policy and The Team Agreement.

7.1. Withdrawal from the International Event

If any of the selected archers then withdraw from the International Event, the Selection Panel reserves the right to select another archer who has met the criteria, into the team once ratified by the Board of Archery NZ. If a team position cannot be filled following the process above the position will be left vacant.

7.2. Trial Event

Following the closing date for return of the Archery NZ International Event Selection Registration Form, in the event that there are more archers meeting the category "A" scores than there are places available, there may be the requirement to compete in a Trial Event for selection to **the 2018 World Archery Field Championships**. The nature, format and location of any Trial Event shall be decided by the Selection Panel, at their discretion and in consultation with the Board of Archery NZ and will reflect the main round being shot at the

International Event the trial is for. Travel to and from any Trial Event will be at the Archer's expense. Failure to compete in required trials will automatically exclude the Archer from selection for said International Event.

If there is no Trial Event required the Selection Panel will proceed with the selection of the Team and seek ratification from the Board of Archery NZ. On approval from the Board of Archery NZ the Convener of the Selection Panel will contact the successful archers to advise them of their successful selection for this International Event. This will be followed up with an official letter of notification from the National Secretary.

7.3. Sending of a Team to this International Event

The Board of Archery NZ in consultation with the Selection Panel – in exceptional circumstances – reserves the right to not send an Archery NZ Team to this International Event.

If the Exceptional Circumstances prevent an Archer from competing in the Archery NZ National Outdoor Championships in the year of this International Event, the Archer is also required to submit an Archery NZ Dispensation Form (Appendix D) found on the Archery NZ Website.

8.1. Taking Exceptional Circumstances into account

The Convener of the Selection Panel shall refer any claim for Exceptional Circumstances that is made in accordance with this Policy to the Selection Panel and they may, at their discretion, take it into account in considering its decisions. If a claim is not made in accordance with this Policy the Selection Panel cannot take those Exceptional Circumstances into account.

9. Injury, Illness or Other Factors

In addition, and whether or not a claim for Exceptional Circumstances has been made, if at any stage following the selection announcement should there be any doubt over the ability of an Archer to compete to the best of their ability due to an injury and/or illness the Selection Panel may take such injury, illness or other factor affecting fitness into account in considering its decisions.

However before taking them into account, the Selection Panel must first make enquiry of the Archer as to the status and prognosis of the injury, illness or other factor affecting their fitness. If the Selection Panel wish to do so they may also request a medical examination (at the Archer's expense) to determine based on an assessment of whether or not the injury and/or illness is such that the Archer is physically unable to compete or is a risk of causing medical harm to themselves, or endangering others. The Selection Panel must also take into account the report from such an examination.

10. No Consideration

The Selectors may not consider an Archer for selection under this Policy if the Archer does not meet the eligibility requirements specified in this Policy.
