NB: Just a reminder that to be eligible to be in a ranking table you have to have shot only once, and then you can stay in the rankings for a year thereafter. In other words, to stay in the rankings permanently, you have to shoot at least once a year. After that year has passed, and there are no further scores in the system you are no longer listed in that table. Your presence in one table has no impact on your presence in another table, as there are many archers who appear in more than one table.

NB2: I will from now on automatically delete tables if there are no ranking results in them, not a problem for the large tables, but only for the ones where there are less than a handful of archers.

Hi everyone,

First of all, I must apologise for the fact it has taken so long to get these rankings out to you all. A combination of the largest volume of monthly data (391 scores; ~30% more than the previous highest monthly data amount) in the 5 years I have been doing the rankings, as well as extremely pressing work issues have meant I have had very little time in February to do the rankings, and consequently, this has rolled over into March. I hope this situation does not repeat itself too often. I wanted to get these rankings out as soon as I could, even though my logic for the junior archers is still not 100%, so I have calculated the data with the existing methodology. I will do the same for the February rankings too, but after that I hope to get some time to finish that code and implement it in March. Also, I have set up the tables for barebow archers, so they have their own rankings, grouped by gender.
