

Trophy Steward Report for 2014

I have continued trying to sort out the trophies and track down the missing ones as there is a lot of history involved with the trophies and it saddens me to see so many of trophies missing. But it has been very difficult if not near impossible to finish locating the trophies.

The Outdoor National trophies have been the hardest to locate, leaving many gaps in the JAMA divisions. If you have any ANZ trophies from the Outdoor Nationals, even if you won them years ago please contact me as we would love to see them back to pass onto the current winners. If you know of anybody who has left archery that may have one, please check with them. Search in clubrooms, you never know what you might find :)

I have had better luck with the North Island Championship trophies and the four open classes now all have trophies, which is great to see.

The Indoor National trophies are only the Open Recurve divisions at this stage.

I am still tweaking the trophy database, it is an ongoing challenge. Due of the popularity of archery, extra trophies are now wanted to cover the divisions that are now becoming more popular and supported.

If there is anybody or business willing to donate a trophy or two it would be much appreciated. Please contact me at kj@actrix.co.nz.
