PART 1

INTRODUCTION

These shooting rules are approved by Archery New Zealand Inc. to give guidance to archers so they may practice their sport and engage in safe, fair competition with a spirit of friendly rivalry, all in keeping with the Vision, Mission and Values of Archery New Zealand.

BOW SAFETY

1. Introduction

(a) These bow safety rules apply to all archery disciplines. Other safety rules are given in the separate Parts of these Rules.

(b) Each member of Archery New Zealand has a duty of care to ensure that his/her actions do not compromise the safety of self or others.

2. General

(a) No archer may draw the bow, with or without an arrow, except when standing at the shooting line or peg. If an arrow is used, the archer will aim toward the targets but only after being satisfied that the field is clear both in front of and behind the targets.

(b) When drawing back the string of the bow an archer shall not use any technique which, in the opinion of the Judges, could, if accidentally loosed, allow the arrow to fly beyond a safety zone or safety arrangements (overshoot area, net, wall, etc). If an archer persists in using such a technique, the archer will, in the interest of safety, be immediately asked by the Judge to stop shooting and to leave the area.

(c) The Judge, in consultation with the appointed tournament organiser is empowered to require any individual who is considered to be jeopardising the safety of the tournament to immediately leave the shooting ground.

3. Numbers Present

When cadet archers (i.e. archers under 17) are shooting individually or in groups they should be supervised by an adult member of Archery New Zealand.

4. Crossbow Safety

(a) A crossbow may NOT be drawn or cocked except on the shooting line and in the direction of the targets, after the arbalist has ensured that the field is clear both in front of and behind the targets.

(b) If shooting is interrupted for any reason, crossbows shall be lowered immediately so that they are directed at the ground immediately in front of the shooting line and the bolt removed.

Part 2

Shooting Rules

1 OUTDOOR TARGET ARCHERY

1.1 Archers' Equipment

The following types of equipment are recognised for use in New Zealand:

Recurve	World Archery rules apply
Compound	World Archery rules apply
Barebow	World Archery rules apply to field; Archery NZ rules apply to Target
Crossbow	WCSA rules apply
Longbow	World Archery rules apply

2 SHOOTING RULES

2.1 Application

WA, WCSA and Archery New Zealand rules apply as appropriate.

2.2(a) Archers with disabilities will generally abide by the rules of WA, and/or Archery New Zealand.

(b) In cases where an archer's disability requires equipment not permitted by those rules, Archery New Zealand may permit the archer to compete in the appropriate category if the equipment has the prior approval of the New Zealand Judges' Commission.

(c) Every case will be considered on its merits.

(d) Once a piece of equipment has been approved it may be used only by the named individual who sought the exemption and for as long as is necessary.

(e) Any further modification to the equipment must have the prior approval of the Judges' Commission before it may be used in competition.

3 OFFICIALLY RECOGNISED ARCHERY NEW ZEALAND TARGET ROUNDS

3.1 Standard 122cm Face Five Zone Scoring

7 RECORDS

7.1.1 Definition:

A new record may be established when a score is at least one point higher than the existing record.

7.1.2 Perfect Score

In the case of a perfect score shot in an outdoor target round, a new record shall require at least one more X than the existing record.

7.2.1 Maintaining of Records:

Records will be maintained from the official tournament results sheet supplied to the Registrar by the tournament organising committee. There shall be records maintained by the Registrar for each gender (female/male) and each bow type recognised by Archery New Zealand Inc (see Archery New Zealand Shooting Rules section 1), each round recognised by Archery New Zealand Inc and the following age groups:

- Seniors Any
- Juniors JAMA specification
- Cadet JAMA specification
- Intermediate JAMA specification
- Cub JAMA specification
- Kiwi JAMA specification
- Masters 65+
- Masters 50 - 64

7.2.2 Record Types:

Records shall be of four types

- National Tournament Records
- Archery New Zealand Records
- Open Records
- WA World Records

7.3.1 National Tournament

National Tournament records shall be shot at a National outdoor or National indoor Championship. The National Tournament record for each age group must be shot by a competitor participating in that particular competition. Where Nationals' records exceed New Zealand records, they shall become the New Zealand records as well.

7.3.2 New Zealand Records

New Zealand records may be created at any major tournament that complies with the current Administrative Rules. The person who shoots the highest score for that gender and bow type regardless of the age of the archer will hold the New Zealand record for that particular round. However, no one may claim a record for an age group in which she/he is not eligible to shoot. Women's records may only be held by females. Masters, Junior, Cadet, Intermediate, Cub and Kiwi records may only be held by persons complying with the relevant age requirements. Where New Zealand records exceed Open records they shall become Open records as well.

7.3.3 Open Records

Open records may be held by the person (male, female, any age) who shoots the highest score for that particular bow class and round.

7.3.4 WA World Records

W.A. World Record claims must be forwarded with full documentation to the Registrar of Archery New Zealand within three (3) days of the event to allow compliance with WA regulations.

7.4.1 ANZ Rounds

All officially recognised Archery New Zealand rounds shall be contestable for records.

7.4.2 WA Rounds

WA rounds, both single and double round totals, plus single range totals shall be recognised.

7.4.3 Short FITA and Long Metric Records

Short FITA and Long Metric records may only be claimed where those rounds are shot alone and not as part of a full 1440 round. Range totals for these rounds will not be recognised.

7.4.4 Eligibility

National Tournament and New Zealand records may only be held by permanent residents of New Zealand who are affiliated to Archery New Zealand.

Open records may be held by any archer who is affiliated through her/his own association to World Archery.

8 INDOOR ARCHERY

8.1.1 Bow Type and Classes

Archery New Zealand recognises the same types of bow i.e. (compound, recurve, longbow, barebow and crossbow), and classes for indoor shooting, as specified for outdoor shooting.

8.2 Arrangement of Classes

The tournament organisers may decide to arrange to run the classes each as an open event or to combine classes where necessary

8.3 WORLD ARCHERY Rounds

See WORLD ARCHERY rules.

8.4 Chicago

96 arrows at 18m, using a 5 zone 40cm target face.

Scoring will take place after each 6 or 3 arrow end.

Sighting arrows are allowed only at the beginning of the round.

8.5 Portsmouth

60 arrows at 18m, using a 60 cm WA single or multiple face. Ends of 6 arrows will be shot commencing with one sighting end of 6 arrows.

8.6 Auckland

30 arrows at 25m using a 60 cm face, 30 arrows at 15m using a 40cm face. Scoring will be 10-1 and will take

place after each 3 or 6 arrow end. 6 sighting arrows may be shot at the longest range only.

12.4 Measurements

12.4.1 Layout

The clout shall be set out on the ground. It shall be 14.64m in diameter, divided into five consecutive scoring zones, each of which shall be 1.464m in width.

12.4.2 Centre

The centre of the clout target shall be marked by a pole to which is attached a brightly coloured triangular flag.

The flag shall be made of easily visible light material, triangular or rectangular in shape, approximately 61cm long x 45cm wide, secured to a pole of soft wood. The top edge of the flag will be 122cm above the ground and in the centre of the target area. Appropriately coloured miniature flags, 15cm x 10cm, and a maximum height 25cm above the ground, will be placed parallel to the shooting line on the outer edges of each of the scoring zones.

12.5 Shooting Position

The shooting position and target area shall be on a reasonably similar plane.

12.6 Shooting Rules

WA Target shooting rules shall apply. The sight used will be *either* the normal target sight at the front of the bow:

Or:

the sight reversed; (or a pin, etc), at the back of the bow. If this latter method is used, the archer may also use a point of aim. Compound bows may use a prism. (WA Book 3 11.2.5.1) 5 zone scoring will be used.

12.7 Points of Aim

Points of aim may not protrude more than 15cm above the ground and may not exceed a diameter of 7.5cm. Points of aim shall not be placed in the target area. Points of aim may be shifted only with the permission of the director of shooting during practice ends, or between ends when no permission is necessary.

12.8 Spare Arrows

No spare arrows may be taken into the target area.

SCORING

12.9 DOS Instructions

The director of shooting shall appoint a sufficient number of archers for each zone to pull and sort arrows and shall instruct them in the proper methods to be followed.

12.10 Steel Tape or Wire

A steel tape or wire shall be laid out from the centre pin and being held at the outer radius, carried around the outer circumference of the target. Arrow pullers will follow behind withdrawing all arrows within their zones as defined by the tape.

12.11 Arrow Scoring

An arrow shall score according to where the shaft enters the ground. When an arrow lies on the surface, its value shall be determined by the position of the tip of the pile. When an arrow lodges in the centre pole or flag it shall score 9 points.

12.12 Doubtful Scoring

Doubtful scoring arrows shall be decided by the director of shooting, or target captain if no judge is available.

12.13 Timing

Sufficient time shall be allowed for contestants to observe the fall of their arrows before scoring begins.

12.14 Scoring Method

The collected arrows shall be laid in their respective zones between the zone marker flags. There shall be two scorers per target using a double card scoring system. When requested, the archer shall claim his/her arrows while the scorers check and record the values as they are called by the archer.

12.15 Tie

In the event of a tie the results shall be determined by the standard WORLD ARCHERY target procedure.

12.16 Pin Scores

The merit pin score for all competitors shall be 260 points.

12.17 Perfect Pin

A perfect pin may be claimed by an archer shooting all six arrows in a single end into the gold. The award may be claimed more than once if different types of equipment are used.

13 STANDARD BOW

See WORLD ARCHERY rules.

14 CROSSBOW SHOOTING RULES

WCSA rules apply except as detailed below.

14.1 Classes

Arbalists do not compete with recurve/compound archers but compete with and against each other for awards within their own class.

14.2 Same Line Arrangement

Where arbalists shoot the same rounds as archers they will do so on the same line and under the control of the same director of shooting.

Arbalists will use WCSA scoring at all times.

14.3 Separate Line Arrangement

At other times arbalists will shoot their own rounds on a separate line with their own director of shooting.

TARGET FACES

14.4 Outdoor Faces

Crossbow arbalists shall use faces that comply with the WCSA rules for all outdoor competitions except the WA and Silver Fern rounds
